Great New Zealand Touring Route

The Great New Zealand Touring Route (GNZTR) gives you the chance to experience the very best of the North Island while following two well-established themed touring routes: Pacific Coast Highway and Thermal Explorer Highway.

Your experience starts the moment you leave Auckland and you have the option of following the coast along the unspoilt coastline of the Coromandel, Bay of Plenty and Hawke's Bay then back inland to Lake Taupo, Rotorua and Waikato through to Auckland.

The GNZTR is the only place in New Zealand where you will experience everything from unspoilt, pristine beaches to snow-capped mountains, hot bubbling mud pools, Maori culture and some of the country's best wineries all in three or four days!

Pacific Coast Highway

The Pacific Coast Highway follows the North Island's spectacular East Coast. Linking the Coromandel, Bay of Plenty, Whakatane and Eastland with Auckland in the north and Hawke's Bay in the south, the Pacific Coast Highway travels through a unique region where the land and sea intermingle. Enjoy a part of New Zealand that draws people all-year round not only to enjoy the beaches, native bush and rain forests but the abundance of activities, unforgettable scenery and friendly faces along the way!

The highway is well signposted along the entire route and a detailed Pacific Coast Highway map is available through i-Sites to help navigate the touring route with ease.

Mount Maunganui Beach

Maori Warrior on the slopes of Mauao

White Island

The breathtaking Pacific Ocean dominates the Bay of Plenty, creating surf beaches, stunning harbours and an expanse of crystal clear turquoise water that stretches as far as the eye can see. Blessed with such a fantastic natural resource at our back door it is hardly surprising that water is the fundamental element of our region's leisure and economic activities.

The stunning beaches sweeping down the coast from Waihi Beach past the main centres of Tauranga and Mount Maunganui right along to Maketu and are one of the key reasons thousands of people visit the Bay of Plenty each year. There are a number of meeting venues located right along or near the waterfront, adding a scenic touch to your business event.

The Bay of Plenty has an extraordinary range of water activities from swimming with the dolphins to sea kayaking, kite-surfing to parasailing, jet boating to white water rafting or exploring the volcanic wonderland of White Island - New Zealand's only active marine volcano!

One of the reasons that the Bay of Plenty is so unique is the spirit that is embodied in everything we do. It is the way of life of our people, it is why we head in droves to beaches and rivers on sunny days, it is the pride we feel for Mauao (Mount Maunganui), it's the numerous marae and the practice and traditions of our tangata whenua (people of the region), it's our pure zest for life!

Get into the celebratory spirit with the range of festivals in the region. Billed as the jazz party of the year every Easter weekend downtown Tauranga and Mount Maunganui is home to the Montana Jazz Festival, it is the largest gala of food, wine, and jazz and blues music of all flavours in the southern hemisphere. The bi-annual Garden and Artfest celebration is a showcase of the amazing gardens and talent of the region's artists.

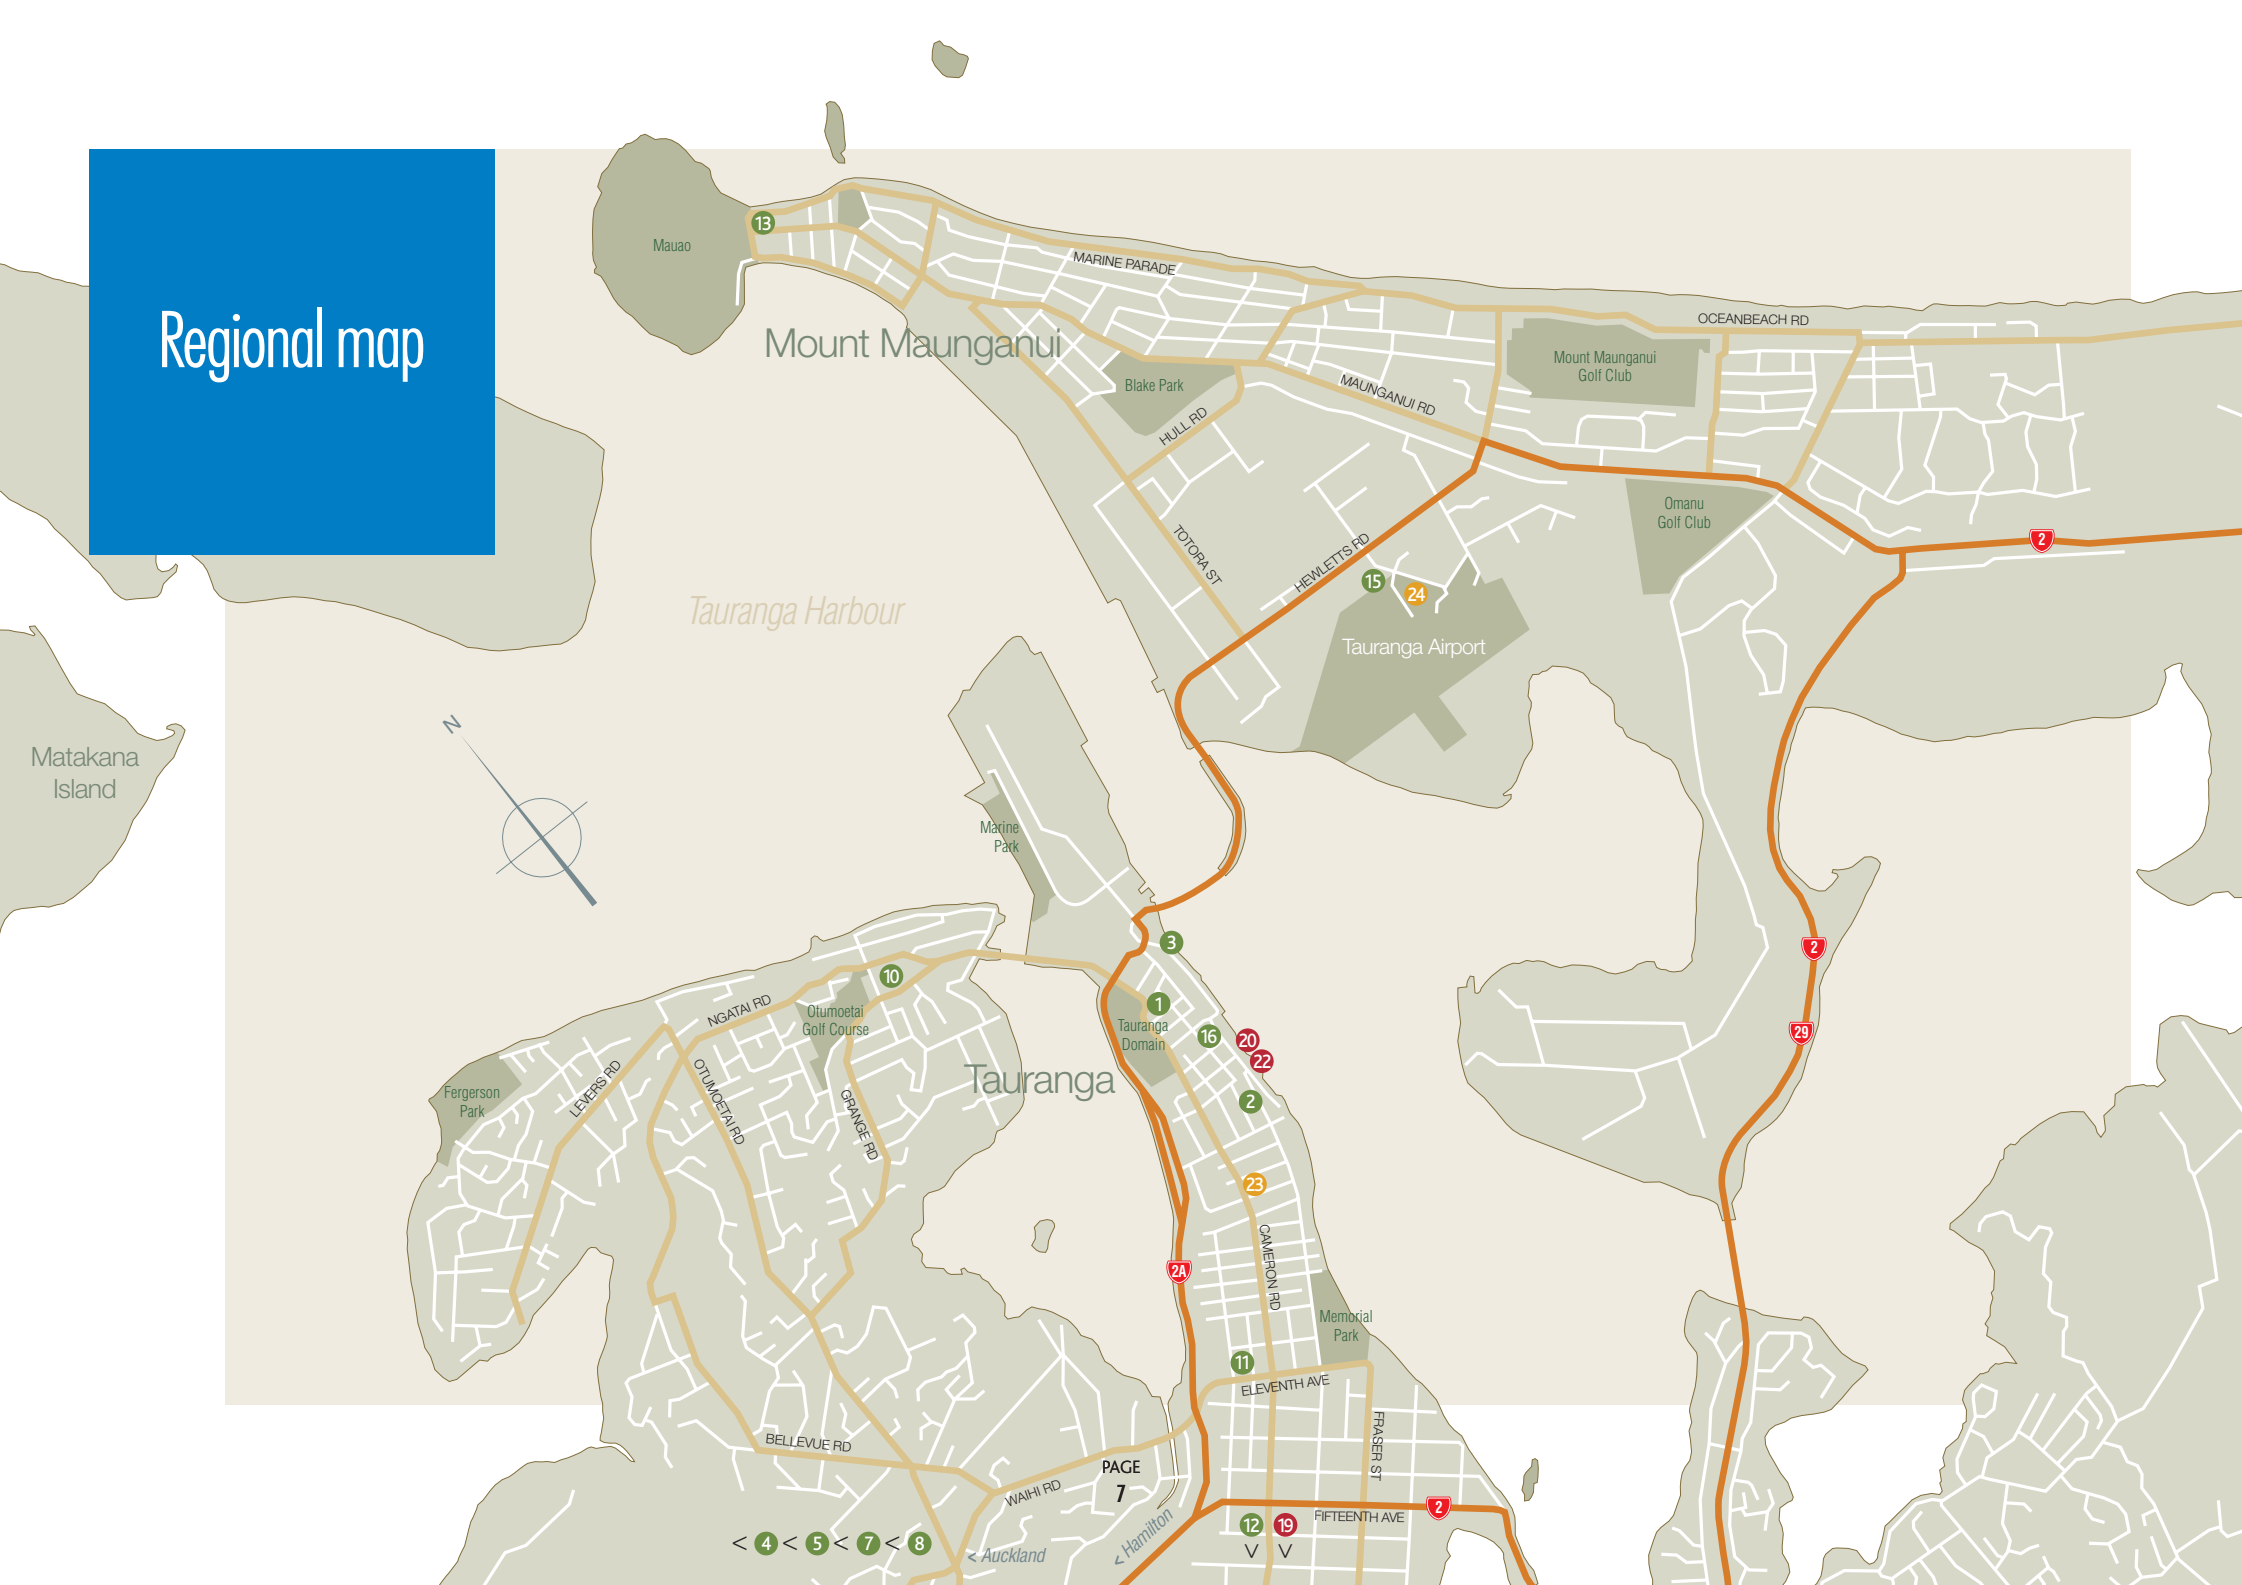

Our local spirit embraces everything... our life, the culture, art, adventure and outdoors, cuisine, dress and attitudes. We invite you to come and find out for yourself what makes our way of life so incredibly special.

At the heart of the Bay of Plenty is an array and abundance of land with fertile soils, native bush, farmlands and rocky terrain. The diverse geography of the region creates a natural playground for visitors who can climb mountain ranges, visit historic sites, hit the bush, go mountain biking or experience the thrills of a land yacht.

The region's fertile soils and warm climate help produce some of the country's finest fresh fruit and produce which chefs create into delectable dishes. Over 80% of the country's kiwifruit is grown in Te Puke - the kiwifruit capital of the world. The late summers and abundance of sunshine help create award-winning wines to complement any event or simply a long day of hard work; our rich earth creates an abundance of opportunities for all!
